**2019: International Year of Indigenous Languages**
- Many indigenous languages are disappearing at an alarming rate. The Year of Indigenous Languages raises awareness about the importance of languages, not only to the people who speak them, but for the promotion of diversity and understanding. The Wirlomin Noongar Language and Stories Project is a Curtin collaborative project that celebrates Noongar cultural heritage and promotes reading through the collection of stories and songs, and shares this cultural knowledge with the community.
